

## Revised Price Structure effective from 01/01/19

During the last twelve months the Cranham Scout Centre Committee have undertaken an extensive review of accommodation and activity prices and the overall pricing structure, consulting with users, making comparisons with other similar centres and then striving to offer value for money, whilst ensuring a viable and successful future for the Centre and its facilities.

The new pricing structure has three price bands;

1. The base price for schools, youth groups and community / not-for-profit organisations
2. The 15% discounted price for Scout Association and Girlguiding groups
3. The 25% discounted price for groups from within Gloucestershire Scouts

Minimum numbers for accommodation bookings have been revised.

Timings for activity sessions have been extended to one and a half hours to ensure safety and to improve learning and achievement by allowing adequate time for group preparation, clear-up and reflection.

*PLEASE NOTE: Activity prices are listed in the new structure WITHOUT instructor costs. Fees for instructors are separate. They are also fixed and are not discounted across the three separate price bands.*

Discounts will be negotiated with groups booking significant packages of accommodation and activities over an extended period.

WiFi is available on-site: We provide free access for group leaders to allow WiFi calling for group management and emergency calls.

Public WiFi is also available: Limited speed - Free. High speed - £2 for 48 hours.

We welcome enquiries from commercial organisations and public sector services. Prices available on request.
